Soft Skills: Communication, Customer interaction, Problem-solving, Collaboration

Projects

NyAI – AI-Powered Legal Assistant | *Finalist — Bharat Gen AI Hackathon 2025*

- Designed an AI-driven assistant that helps users understand legal information in a simple, conversational format, reducing the need for manual searching.
- Mapped the user journey end-to-end, creating a clear flow for asking questions, receiving answers, and navigating legal topics without confusion.
- Worked with a 4-member team to identify pain points, structure information, and deliver a solution focused on accuracy, clarity, and reliability.
- Added feedback and session flows to track user needs and continuously improve the quality and relevance of responses.

Isolyn | *Secure Backend-as-a-Service*

- Created a service that helps users store, manage, and organize their data safely without needing to build technical systems themselves.
- Focused on privacy and reliability by ensuring each user's data remains fully isolated, secure, and easy to manage.
- Designed a user-friendly dashboard that displays all key information—access, usage, and activity—so users can understand and control their data at any time.

LeadFlow Orchestrator | *CRM Automation*

- Designed a complete automated lead workflow that captures leads, distributes them to the right teams, and maintains consistent follow-ups.
- Set up rules and reminders to ensure timely engagement, helping sales teams focus on high-priority leads without missing opportunities.
- Built a structured process that reduces manual effort, improves response speed, and prevents lead leakage across the entire sales pipeline.

Achievements

Finalist at the **Bharat Gen AI Hackathon 2025**, selected from a large nationwide pool of participants for building a high-impact AI solution focused on clarity, user experience, and problem-solving.

Completed **AWS Solutions Architect – Associate** training (Ethnus, Jan–Apr 2025), gaining hands-on understanding of cloud concepts, solution design, and deployment practices.
